

greenhouse glass cleaner

Highly concentrated ecological foam cleaner for cleaning AR-coated and non-coated greenhouse glass in the horticulture sector. Tested and approved by the leading manufacturers of AR-coated glass.

Better

Tested and approved by leading AR-glass manufacturers.

Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

Greener

Plant-based formula and biobased 5L can result in a net carbon-negative impact.

Faster

Foam technology ensures long contact time and effective loosening of dirt for efficient cleaning.

Cleaner

Delivers spotless, streak-free glass for maximum light transmission.

greenhouse glass cleaner

Instructions for Use

Apply the product to the surface using a foam system or foam lance on a pressure washer and allow it to work for at least 15 minutes. Rinse off loosened dirt with an appropriate high-pressure spray and allow the surface to air dry. Recommended usage concentration: 1–5%. For severe limescale or heavy contamination, increase the dosage up to a maximum of 10%.

Transport, Handling, and Storage

Non-classified product. No restrictions on handling, transport, or storage. See Safety Data Sheet (SDS) for detailed information.

Dosage

Dosing protocol	FlexDose	FlexDose
Packaging	Can	Can
Standard min. dosing	100-500ml on 5ltr	100-500ml on 5ltr
