

dishwash additive active oxygen

Highly concentrated dishwasher additive with an active oxygen-based bleaching effect. Suitable for all water hardness levels.

Better

Automatic dosing prevents product waste and overdosage, ensuring cost efficiency.

Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

Greener

Plant-based formula and reduced-weight packaging with more cardboard than plastic, easier to recycle and with a lower environmental impact.

Faster

Automatic dosing ensures fast, consistent delivery and efficient cleaning results.

Cleaner

Optimized for the correct water hardness and soiling level to deliver spotless dishwashing results.

dishwash additive active oxygen

Instructions for Use

This product is exclusively suitable for dosing via an automatic dosing system also for optimal performance, dose this product via the iQ-Link automatic dosing system. It can also be used in dishwashers with an internal pump.

Transport, Handling, and Storage

Classified under CLP and GHS regulations. Corrosive liquid. Handle with care and avoid contact with incompatible materials. Store only in i-hygienic's original, closed packaging in a cool, well-ventilated place away from strong acids, bases and metals. Protect from extreme temperatures and direct sunlight. Ensure containers remain upright during transport. See Safety Data Sheet (SDS) for detailed safety and handling instructions.
