

dishwash rinse aid osmosis pH neutral

Highly concentrated machine rinse aid, specially formulated for osmosis water. Suitable for all water hardness levels.

Better

Automatic dosing prevents product waste and overdosage, ensuring cost efficiency.

Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

Greener

Plant-based formula and reduced-weight packaging with more cardboard than plastic, easier to recycle and with a lower environmental impact, while the bio-based 5 L can delivers a net carbon-negative impact.

Faster

Automatic dosing ensures fast, consistent delivery and efficient cleaning results.

Cleaner

Optimized for the correct water hardness and soiling level to deliver spotless dishwashing results.
