

dishwash detergent glass and aluminium

Highly concentrated dishwasher detergent for glass and aluminium materials, suitable for all water hardness levels.

Better

Automatic dosing prevents product waste and overdosage, ensuring cost efficiency.

Safer

Application through dosing system limits direct contact with dishwash agent.

Greener

Plant-based formula and reduced-weight packaging with more cardboard than plastic, easier to recycle and with a lower environmental impact.

Faster

Automatic dosing ensures fast, consistent delivery and efficient cleaning results.

Cleaner

Optimized for the correct water hardness and soiling level to deliver spotless dishwashing results.

dishwash detergent glass and aluminum

Instructions for Use

This product is exclusively suitable for dosing via an automatic dosing system also for optimal performance, dose this product via the iQ-Link automatic dosing system. It can also be used in dishwashers with an internal pump.

Transport, Handling, and Storage

Classified under CLP and GHS regulations. Corrosive liquid. Handle with care and avoid contact with incompatible materials. Store only in i-hygienic's original, closed packaging in a cool, well-ventilated place away from strong acids, bases and metals. Protect from extreme temperatures and direct sunlight.
