

descaler forte

Extra-powerful ecological ready-to-use descaler for removing heavy limescale and other mineral deposits. Suitable for stainless steel, metal, chrome, tiles, ceramics, and other acid-resistant hard surfaces. Specially developed for professional kitchen and food preparation areas.

Better

Highly effective performance reduces scrubbing effort, water use, and downtime, saving time and labor costs.

Safer

Ecological formulation designed for professional use. Appropriate personal protective equipment (PPE), chemical-resistant gloves and safety goggles, must be worn during application. Handle with care and follow the safety instructions provided in the SDS.

Greener

Plant-based formula and biobased bottle result in a net carbon-negative impact.

Faster

Effectively dissolves stubborn limescale and mineral buildup for faster descaling results.

Cleaner

Leaves washroom surfaces smooth, shiny, and free from mineral deposits.

Instructions for Use

Appropriate personal protective equipment (PPE), such as chemical-resistant gloves and safety goggles, must be worn during application. Apply an appropriate amount to the surface and allow it to work for up to 20 minutes without drying. Remove heavy soil with a brush or scouring pad. Rinse thoroughly with clean water or wipe with a clean, damp cloth. For stubborn lime deposits, repeat the process. Do not use on acid-sensitive materials such as marble, aluminum, or copper.

Transport, Handling, and Storage

Classified under CLP and GHS regulations. Corrosive liquid. Handle with care and avoid contact with incompatible materials. Store only in i-hygienic's original, closed packaging in a cool, well-ventilated place away from acids and metals. Protect from extreme temperatures and direct sunlight. Ensure containers remain upright during transport. See Safety Data Sheet (SDS) for detailed safety and handling instructions.

Dosage

The product is ready to use; diluting it will reduce its cleaning effectiveness.
