i-team

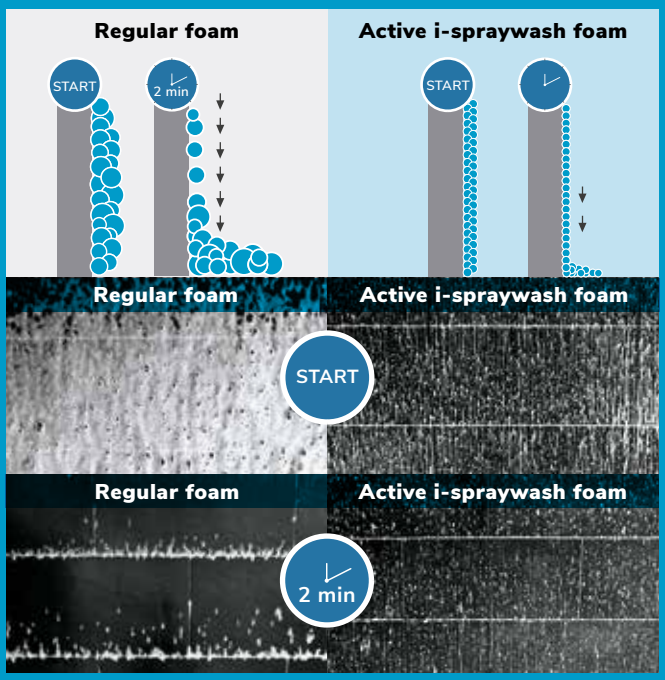

i-spraywash

The cleaning solution that clings and cleans deeply

Cleaner surfaces with 80% lower impact on the environment

The i-spraywash system is a foam sprayer with an integrated dosing feature. It has a patented nozzle that creates an active foam that really sticks to the surface.

i-spraywash foam vs regular foam

Why i-spraywash?

Faster
Faster foam coverage and less foam on the floor saves time when rinsing.

Cleaner
The special foam nozzle and tablets create an effective active foam that sticks to surfaces.

Greener
Works with biodegradable and Ecolabel certified tablets. Good for both the worker and nature.

Safer
2-3 times lighter than most foaming systems, reducing the strain on the upper body.

Better for everyone
No heavy lifting or time-consuming procedures. Significant reduction of CO_2 and plastic.

Why the i-spraywash
is your choice

One solution
for numerous applications

Color-coded cleaning
tablet-based cleaning system for every surface
