i-team

The most affordable backpack vacuum: i-move 4b

Effortless cordless cleaning

The i-move 4b is the ultimate backpack vacuum for smaller spaces and stairs. Designed for short cleaning sessions, it combines ergonomic design with cost-efficiency, especially when paired with your existing i-power batteries. Whether you're tackling tight areas or stairs, the i-move 4B ensures fast and efficient cleaning.

Why i-move 4b?

Faster
Thanks to its smart design, you can move around quickly.

Cleaner
The quality filter prevents harmful particles from re-entering the environment.

Greener
All parts from the i-move family are easily replaced and upgraded.

Safer
There's no risk of tripping over wires because of the cordless design.

Better
Easy to use and fun to operate due to ergonomic design and strong power filter.

Why the i-move 4b
is your choice:

i-power batteries
Choose between the i-power 9 or i-power 14, offering an exceptional runtime of 30 or 40 minutes.

HEPA/ULPA filter
Upgrade the standard filter.

Perfect for i-mop owners
Use your existing battery with this device.

Easy operation via the belt

1. Lightweight backpack
Maximizes mobility, even in tight spaces and over obstacles.

2. Comfortable harness
Wide straps and i-move 4B system ensure all-day comfort.

3. Remote powerswitch
Clip to your belt for easy on/off control.
