

floor cleaner probiotic

Ecological probiotic floor cleaner with long-lasting self sustaining effects. Especially suitable for hard-to-reach areas, such as (micro)pores, corners, and crevices. Regular use removes (gray) deposits, prevents dirt buildup, and eliminates unpleasant odors.

Better

Smart dosing options, automatic dispenser dosing and portable manual dosing help to prevent overdosing, reduce waste, and lower overall cleaning costs.

Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

Greener

Plant-based formula and bio-based packaging result in a net carbon-negative impact.

Faster

Performance-enhanced probiotic daily cleaner for quick and effective floor maintenance.

Cleaner

The optimal daily cleaning solution with probiotic deep-cleaning performance for all hard, water-resistant floors.

floor cleaner probiotic

Instructions for Use

Remove dust and loose dirt from the floor. Prepare the cleaning solution according to the dosage instructions in a mop bucket or in the tank of a floor cleaning machine. Clean the floor as usual. Mop, wipe, or vacuum up the solution, or use a floor squeegee to move it toward the drain. Allow the damp floor to air dry; rinsing is not necessary. For periodic cleaning or heavy soiling, apply the cleaning solution to the floor and let it work for about 5 minutes. In case of heavy soiling, the dosage may be doubled. After use of this cleaning product in the i-mop, drain the water tank, refill with fresh water, and clean the filters.

Transport, Handling, and Storage

Non-classified product. No restrictions on handling, transport, or storage. See Safety Data Sheet (SDS) for detailed information.

Dosage
