

probiotic cobot-cleaner

Ecological highly concentrated probiotic daily floor cleaner suitable for all water-resistant hard floor surfaces. Contains selected probiotics that continue to break down organic residues after cleaning. Particularly suitable for porous floors and surfaces with grout lines, where organic matter can accumulate. Exclusively developed to maximize cleaning efficiency with Co-botic.

Better

Smart dosing helps prevent overdosing, reduce waste, and lower overall cleaning costs.

Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

Greener

Plant-based formula and bio-based packaging result in a net carbon-negative impact.

Faster

Performance-enhanced daily cleaner for fast and effortless surface cleaning.

Cleaner

Ensures immediate soil removal while supporting long-term biological surface balance and odor control.

Instructions for Use

First fill the tank of Co-botic with water, then add the concentrate according to the dosing instructions.

Select the appropriate cleaning program and let Co-botic clean the surface autonomously. There is no need to rinse after cleaning. For best results, use regularly to maintain optimal probiotic performance.

Transport, Handling, and Storage

Non-classified product. No restrictions on handling, transport, or storage. See Safety Data Sheet (SDS) for detailed information.

Dosage

Dosing protocol	FlexDose
Packaging	Dispensing bottle
Standard min. dosing	10ml on 5ltr
