

kitchen cream polish

Ecological ready-to-use polish for removing proteins, greasy deposits, and rubber marks on water-resistant hard surfaces. Also suitable for ceramic cooktops. Polishes without scratching.

Better

Versatile polish reduces the need for multiple specialized products, saving time and cost.

Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

Greener

Plant-based formula and 98% recycled aluminum powered by clean air, supporting a circular economy.

Faster

Ready-to-use for quick, convenient, and accurate application.

Cleaner

Powerful polish removes proteins, grease, and rubber marks without scratching.

i.26 kitchen cream polish

Instructions for Use

Apply the product undiluted with a damp cloth or soft abrasive sponge to clean the surface. Rinse thoroughly with clean water and dry with a clean cloth.

Transport, Handling, and Storage

Pressurized container: may burst if heated. Store and transport in a cool, well-ventilated place away from direct sunlight and sources of heat. See Safety Data Sheet (SDS) for detailed safety and handling instructions.

Dosage

The product is ready to use; diluting it will reduce its cleaning effectiveness.
