

laundry detergent pro

Ecological, phosphate-free laundry detergent with enzymes that removes tough stains such as chocolate, red wine, tomato sauce, grass, motor oil, blood, and grease- and protein-based stains. The product contains water-softening agents to ensure excellent washing results. It leaves a fresh scent that lingers on the laundry for a long time. Suitable for all washable textiles, both whites and colors.

Better

Automatic dosing prevents product waste and overdosage, ensuring cost efficiency.

Safer

Ecological formulation designed for professional use. Application through dosing system limits direct contact with detergent. Appropriate personal protective equipment (PPE) — chemical-resistant gloves, protective clothing, and safety goggles or face protection — must be worn during application or when handling the product. Handle with care and follow the safety instructions provided in the SDS.

Greener

Plant-based ingredients and reduced-weight packaging with minimal plastic for a lower environmental impact.

Faster

Automatic dosing ensures efficient washing for the best results.

Cleaner

Optimized product for professional washing machines.

Instructions for Use

Suitable for use at temperatures between 30°C and 90°C. Wash at the lowest possible temperature and always with a full load. Always wash bedding at 60°C in case of a dust mite allergy. Increase the washing temperature to 60°C in case of infectious diseases. Adjust the dosage based on water hardness and the level of soiling.

Transport, Handling, and Storage

Classified under CLP and GHS regulations. Corrosive liquid. Handle with care and avoid contact with incompatible materials. Prevent prolonged or repeated exposure. Store only in i-hygienic's original, closed packaging in a cool, well-ventilated place away from acids and metals. Protect from extreme temperatures and direct sunlight. Ensure containers remain upright during transport. See Safety Data Sheet (SDS) for detailed safety and handling instructions.

Dosage

This product is designed for automatic dispensing via the professional dosing equipment iQ-Link. The dispensing system ensures accurate and consistent dosing, fully adapted to your washing process.
