

## plastic renovator and cleaner

Ecological ready-to-use spray for cleaning, caring for, and protecting almost all plastic surfaces. Leaves an even, dirt-repellent layer and restores the original color of discolored or weathered dark plastic.

### Better

Combines cleaning and care in one step, reducing the need for separate products.

### Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

### Greener

Plant-based formula and 98% recycled aluminum powered by clean air, supporting a circular economy.

### Faster

Ready-to-use for quick and easy plastic renovation and cleaning.

### Cleaner

Cleans, protects, and restores the original color of plastic surfaces.

# plastic renovator and cleaner

### Instructions for Use

Clean heavily soiled surfaces beforehand and remove any caked-on dirt. Apply the product directly onto the surface or onto a damp cloth and wipe with a dry cloth until the desired result is achieved. If the surface does not show an even effect immediately, repeat the treatment.

### Transport, Handling, and Storage

Pressurized container: may burst if heated. Store and transport in a cool, well-ventilated place away from direct sunlight and sources of heat. See Safety Data Sheet (SDS) for detailed safety and handling instructions.

### Dosage

The product is ready to use; diluting it will reduce its cleaning effectiveness.
