

pre-soak detergent

Ecological highly degreasing soaking agent for all types of heavily soiled dishware. Soaks starch residues, tannin stains, and burnt-on dirt from glassware, crockery, cutlery, and kitchen utensils.

Better

Pre-soaking improves dishwasher efficiency and reduces manual scrubbing, saving time and costs.

Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

Greener

Plant-based formula and biobased bottle result in a net carbon-negative impact.

Faster

Pre-soaking loosens stubborn dirt, reducing time and effort during washing.

Cleaner

Removes grease, starch, tannin stains, and burnt-on soil for spotless dishware.

i.83 pre-soak detergent

Instructions for Use

Prepare a cleaning solution according to the dosage instructions in clean water at 40–50°C. Soak the dirty dishes for 20–30 minutes. Scrub away stubborn dirt. After soaking, clean the dishes in the dishwasher. For heavy soiling, increase the dosage up to a maximum of 1%.

Transport, Handling, and Storage

Non-classified product. No restrictions on handling, transport, or storage. See Safety Data Sheet (SDS) for detailed information.

Dosage

Dosing protocol	FlexDose
Packaging	Application bottle
Standard min. dosing	20ml on 5ltr

Specifications
