

Properties

Ecological universal laundry detergent with enzymes that removes tough stains such as chocolate, red wine, tomato sauce, grass, motor oil, blood, and grease- and protein-based stains, even at low temperatures. The product contains water-softening agents to ensure excellent washing results. It leaves a fresh scent that lingers on the laundry. Suitable for all washable textiles, both whites and colors.

Better

Flexible dosing tailored to the soil level prevents overuse and reduces washing costs.

Safer

Ecological formulation designed for professional use. Appropriate personal protective equipment (PPE), chemical-resistant gloves, protective clothing, and safety goggles, must be worn during application. Handle with care and follow the safety instructions provided in the SDS.

Greener

Plant-based formula and biobased 5L can result in a net carbon-negative impact.

Faster

Performance-enhanced washing solution for excellent results.

Cleaner

Optimized product for semi-professional washing machines.

product data sheet

iT.21 laundry detergent

Instructions for Use

Suitable for use at temperatures between 30°C and 90°C. Wash at the lowest possible temperature and always with a full load. Always wash bedding at 60°C in case of a dust mite allergy. Increase the washing temperature to 60°C in case of infectious diseases. Adjust the dosage based on water hardness and the level of soiling.

Transport, Handling, and Storage

Classified under CLP and GHS regulations. Corrosive liquid. Handle with care and avoid contact with incompatible materials. Store only in i-hygienic's original, closed packaging in a cool, well-ventilated place away from acids and metals. Protect from extreme temperatures and direct sunlight. Ensure containers remain upright during transport. See Safety Data Sheet (SDS) for detailed safety and handling instructions.

Dosage

Normal soiling	20ml per full load
Heavy soiling	40ml per full load
