

Effortless, Safe and Sustainable cleaning with i-dose

Stop overdosing

Say goodbye to using too little or too much cleaning agents. With i-dose, you get precise, Ecolabel certified cleaning that's quick, safe, and easy. No more guesswork, spills, or waste.

Perfect match with the i-mop and the i-fibre Pro

One pod for every environment

Daily floor cleaner

Sanitary floor cleaner

Degreasing floor cleaner

Use the pod holder and carry up to 10 pods with you. One pod equals the exact right amount for one solution tank.

Why i-dose?

Faster

Pre-measured pods eliminate calculations and extra walking, speeding up cleaning.

Cleaner

EU EcoLabel-certified liquids ensure high cleaning standards, especially with the mechanical action of the i-mop.

Greener

Pods are filled with liquids made from renewable, non-petroleum, plant-based sources.

Safer

The closed-loop system prevents contact with cleaning agents, ensuring safe handling and non-hazardous use.

Better for everyone

Prevents overdosing, benefiting the environment, budget, and safety, while maintaining top cleaning performance.

Stop using harmful cleaning agents, **Start using i-dose**

Cleaning agent that delivers great performance and is totally green and safe

By adding cleaning power of the i-mop.

Non-hazardous CLP liquid

Ensures safe handling for all users. No need to use gloves or glasses.

1. Closed loop system

Very safe for cleaners, they don't need to touch any cleaning agent.

2. i-dose injector

Just place the pod and close the cap.

3. Pod holder

with room for up to 10 i-dose cleaning pods, enabling dispensing anywhere.

4. i-dose solution tank

Conveniently equipped with a side port for refilling water without needing to remove the injector.

5. Pods

One pod provides the exact right amount for one solution tank, up to 5 liters.

M24.000072.01.EN - Subject to change.

i-dose special features:

Place the pod and close the cap, the liquid disperses in the solution tank.

Certified with EU EcoLabel sustainability standards.

Super easy to use, always provides the right amount of cleaning agent.
