

i-team®

Stop cleaning with regular mops, Start i-mopping

Are you ready to clean faster?

imop Lite is a compact, effective and above all easy-to-use machine. Especially for all areas where you so far only have been able to clean manually with mops.

Savings per 300 m² vs. manual mopping

Energy
90%

Water
15.2 liter

Time

Technical specifications

Run time
45 mins

Practical performance
700 - 1000 m² per hour

Why imop Lite?

Faster

Cleans 75% faster than conventional mopping and 20% faster than equal size scrubber dryers proven by cleaning rates of up to 1300 m² per hour.

Cleaner

Powerful twin counter-rotating 500 RPM brushes for soil removal proven by ATP test data reflecting up to 90% cleaner surfaces.

Greener

Takes advantage of every bit of chemical and every drop of water, which is proof that it reduces environmental impact by over 75%. On average the imop Lite uses 20% less energy per m² compared to a typical scrubber dryer.

Safer

Cleans and dries floors almost instantly - proven by standardized slip test readings of 120 or less - significantly reducing slip and fall hazards.

Better for everyone

It cleans fast and thoroughly, resulting in a cleaner and healthier environment for everyone.

Why the imop Lite is your choice:

User-friendly design,
simple and easy to use.

Fast and efficient:
save up to 75% worktime.

Dirt removal rating of 97%
compared to 30-40% for
traditional mopping.

Extremely manoeuvrable.

No more dirty edges
scrubs right to the edge.

Light weight
same weight as
mop & bucket together.

7 cm

37 cm

Better ergonomics
and more job satisfaction
for the cleaner.

Easy to transport.

No trip hazards
runs on portable
lithium batteries.

**Powerful cleaning on
all hard floor surfaces,**
with high speed 500 rpm
brushes.

M24.000009.02.EN - Subject to change.

imop Lite benefits:

Washes impressively clean and
sucks up dirt instantly.

The low profile makes it possible to
clean under cabinets and shelves.

Easily gets around corners,
enabling to clean right to the edge.
