

i-walk

Clean 300m² in just 1 minute of your time, with the i-walk

Level up your Cleaning Routine

Maximize cleaning efficiency without wasting time. Combine powerful, modern co-botic technology with the unequaled cleaning results of an i-mop XL. In less than a minute, you can get the machine operational and get on with other tasks.

the i-mop XL is not included.

Compatible with the **i-mop XL** and complementary with the **i-fibre Pro**.

Powerful robotic cleaning with i-walk
Precision cleaning with the i-mop XL
Spot cleaning with the i-fibre Pro

Product specifications

Runtime
4 h
with i-power 9
7 h
with i-power 14

Practical performance
up to 700 m²/h

Clean 300m²
in 1 minute setup time

Why choose i-walk?

Faster

It takes less than 1 minute to put the i-walk to work which saves time for other tasks.

Cleaner

i-walk offers co-botization combined with the i-mop cleaning performance.

Greener

Uses 70% less water and chemicals compared to manual cleaning.

Safer

Super dry floor reduces slip accidents because of the advanced suction technology.

Better for everyone

Improves the lives of cleaners by doing the repetitive work.

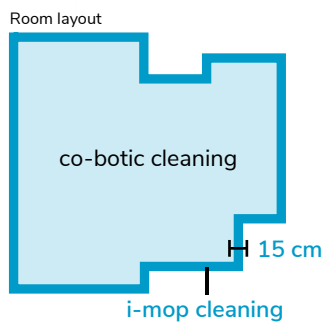

Why i-walk is your choice:

Compatible with all i-mop XL models from 2014 onwards, allowing you to upgrade machines that you already have with modern robotics.

Less strain on cleaners bodies, since they don't have to clean large floor areas anymore.

No compromise on cleaning quality, due to the integration of an i-mop inside.

Unique co-bot functionality
Takes over repetitive tasks, freeing up the operator for more complex work.

1. Control box

2. Emergency stop

3. Ultrasonic distance sensors

4. TOF sensors for cliff detection and object avoidance

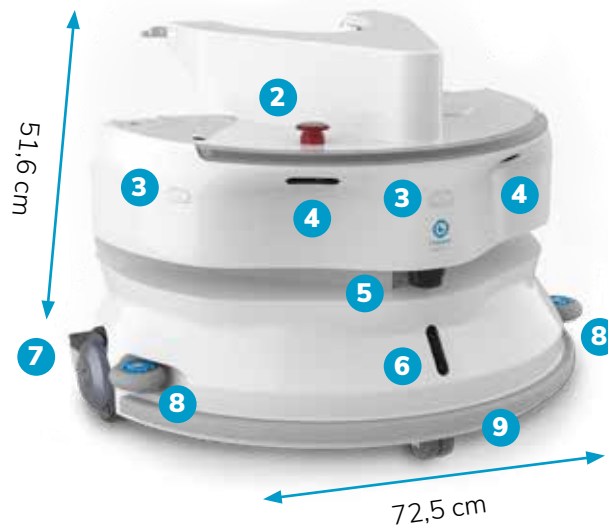

5. High quality LiDAR (50m range)

6. TOF sensor for above the floor objects

7. High traction drive wheels

8. Side guard bumper wheels

9. Touch sensitive safety bumper

M24.000069.01.EN - Subject to change.

i-walk special features:

Unique co-bot functionality that takes over repetitive tasks.

Less body strain and more time for above the floor cleaning.

Compatible with all i-mop XL models from 2014 onwards.
