Why ©-vac 5c?

Faster

Delivers impressive suction power, without the limitations of cables, enabling faster cleaning.

Cleaner

With a 5-liter lockable dust bag and cassette filtration system, it ensures no dust leakage.

Greener

Energy-efficient performance and all parts are easy to replace or upgrade.

Safer

No more risk of tripping over cables. The freedom of movement reduces the risk of falling.

Better for everyone

It enhances usability and effective cleaning for a wide range of environments.

Why the -vac 5c? is your choice:

Detachable power cord

For a quick replacement.

Bag with lock

The 5-liter bag has a lock to prevent dust leakage and comes in either paper or microfiber options.

Low sound level

Of only 62 dBA.

Easy to carry

Due to its lightweight of 4.8 kg.

Robust material

Durable and solid.

1. Durable hose

With double extrusion for enhanced stability at both ends.

2. Sturdy handle

Provides a freedom of mobility you haven't experienced before.

3. Easily portable canister

Egg-shaped canister ideal for small spaces and close carrying.

4. Light switch

For easy anodizing.

5. Integrated tool storage

All the accessories can be stored in the machine.

6. Protective bumper

Absorbs impacts and protects the wheels for long-lasting performance.
