

i.26 kitchen polish

Properties

Ecological ready-to-use polish for removing proteins, greasy deposits, and rubber marks on water-resistant hard surfaces. Also suitable for ceramic cooktops. Polishes without scratching.

Better

Versatile polish reduces the need for multiple specialized products, saving time and cost.

Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

Greener

Plant-based formula and 98% recycled aluminum powered by clean air, supporting a circular economy.

Faster

Ready-to-use for quick, convenient, and accurate application.

Cleaner

Powerful polish removes proteins, grease, and rubber marks without scratching.

product data sheet

i.26 kitchen polish

Instructions for Use

Apply the product undiluted with a damp cloth or soft abrasive sponge to clean the surface. Rinse thoroughly with clean water and dry with a clean cloth.

Transport, Handling, and Storage

Pressurized container: may burst if heated. Store and transport in a cool, well-ventilated place away from direct sunlight and sources of heat. See Safety Data Sheet (SDS) for detailed safety and handling instructions.

Dosage

The product is ready to use; diluting it will reduce its cleaning effectiveness.

Specifications

Dosing protocol	EasyDose
Packaging (CU)	Alu-air
Content CU (litr)	0.2
Articlecode CU	I26.AA.200
