Technical specifications

Run time
71 minutes*
on rough flooring
81 minutes*
on smooth surfaces

Practical
performance
960 m²*

Brush speed
350 RPM

* i-power 14

Faster

Cleans 75% faster than traditional mops and 20% faster than similar-sized scrubber-dryers.

Cleaner

Counter-rotating brushes make surfaces 90% cleaner than manual mops, proven by ATP tests.

Greener

Efficient use of water and cleaning agents, lowering environmental impact by 75%.

Safer

Dries floors almost instantly which significantly reduce slip and fall hazards.

Better for everyone

Less strain on cleaners' bodies and a cleaner, healthier environment for everyone.

Why the i-mop 40 is your choice:

High-quality components:

Designed to withstand intense daily use.

Self-diagnosing technology:

Instantly detects issues for rapid troubleshooting.

Always clean edges:

Scrubs right to the edge.

1. Easy to use

Only 4 buttons, no training needed.

2. PCBs positioned on top

Easy to access and maintain.

3. Brushless vacuum motor

Longer lifespan, lower noise levels and greater efficiency.

4. Easy click squeegee

Features easy-to-change rubber blades and an integrated lift kit for detergents that require dwell time.

5. i-balance®

Stabalizes the machine which reduces body strain.

6. Counter-rotating brushes

For powerful cleaning on all hard floors.

7. Drive & park support

Adjust the height for better ergonomics and quick yet easy parking.
