

# iT.28 microfiber wash hygienic

## Properties

Ecological detergent suitable for cleaning and maintaining hygiene in all woven and non-woven microfiber materials, such as glass cloths, mops, dusters, floor cloths, wash mitts, etc. The product can be used as a machine detergent or as a soaking solution. It does not damage or degrade the fibers.

### Better

Flexible dosing tailored to the soil level prevents overuse and reduces washing costs.

### Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

### Greener

Plant-based formula in bio-based bottle and 5L can, which result in a net carbon-negative impact.

### Faster

Performance-enhanced washing solution for excellent results.

### Cleaner

Optimized product for semi-professional washing machines.

## product data sheet

# iT.28 microfiber wash hygienic

### Instructions for Use

Machine washing: Follow the maximum temperature recommended on the care label. Do not use fabric softener or bleach.

Manual soaking: Prepare the required amount of cleaning solution in a bucket or wash container and soak the dirty, wrung-out materials. After soaking, rinse the materials thoroughly with clean water. Once rinsed, the clean materials can be used immediately for the next task.

### Transport, Handling, and Storage

Non-classified product. No restrictions on handling, transport, or storage. See Safety Data Sheet (SDS) for detailed information.

### Dosage

	Daily manual washing	Antibacterial manual washing	Machine washing
Standard min. dosing	20ml on 1ltr	50ml on 1ltr	20ml / 40ml full load
Minimum soak time	15 min	16-24 hours*	-

\*A longer contact time in cases of heavy soiling has no negative effect on the materials.
