

i-vac 4B Move®

Freedom of motion

Optional i-brush

In need of extra suction power to clean high pile carpets? Our i-brush will do the trick! This attachment simultaneously agitates the carpet, while removing dirt and dust.

Cordless vacuuming with maximum mobility

Don't let your vacuum cleaner cord restrict you. Carry the lightweight and cordless i-vac 4B Move on your back.

Allowing you to move with maximum mobility and work efficiently. The backpack vacuum cleaner allows you to cover more than twice the floorspace compared to a normal vacuum cleaner, and is more ergonomically designed.

The i-vac 4B Move dramatically improves how you work and is an opportunity to improve your cleaning operations - making it cleaner, faster and safer.

Key features

Remote control powerswitch

By clicking the remote control power switch to your belt you can easily switch the machine on and off.

Activated by i-power batteries

i-power batteries are interchangeable for all our battery-powered machines, and can be switched out in seconds. Select from two battery types: i-power 9, or i-power 14.

Be comfortable

The mesh backing helps you stay comfortable and cool during operation. The wide shoulder straps in combination with the chest straps provide for maximum flexibility. The unique carrying system of the 'i-vac 4B Move', ensure ultimate comfort during lengthy working time.

Travel light

The cordless i-vac 4B Move with its lightweight backpack, gives you more freedom of movement – especially in confined areas. There is no longer a need to worry about difficult terrain with bumps, steps, or other obstacles.

HEPA ULPA

Upgrade the standard filter to a HEPA or ULPA filter when operating in a controlled environment.
