

## Properties

Ecological, phosphate-free laundry booster that enhances the stain removal performance of detergents, especially on tough stains such as grass, mud, blood, and grease- and protein-based soils. The product is effective even at low temperatures and contains water-softening agents to ensure excellent washing results. Highly suitable for washing kitchen linens and workwear. Can be used on all washable textiles, both whites and colors.

### **Better**

Automatic dosing prevents product waste and overdosage, ensuring cost efficiency.

### **Safer**

Ecological formulation designed for professional use. Application through dosing system limits direct contact with detergent. Appropriate personal protective equipment (PPE) — chemical-resistant gloves, protective clothing, and face protection — must be worn during application or when handling the product. Handle with care and follow the safety instructions provided in the SDS.

### **Greener**

Plant-based ingredients and reduced-weight packaging with minimal plastic for a lower environmental impact.

### **Faster**

Automatic dosing ensures efficient washing for the best results..

### **Cleaner**

Optimized product for professional washing machines.

product data sheet

# iT.33 laundry booster pro

## Instructions for Use

Suitable for use at temperatures between 30°C and 90°C. Achieves the best washing results when used in combination with iT.34 Laundry Stain Remover Pro Active Oxygen.

## Transport, Handling, and Storage

Classified under CLP and GHS regulations. Corrosive liquid. Handle with care and avoid contact with incompatible materials. Store only in i-hygienic's original, closed packaging in a cool, well-ventilated place away from acids and metals. Protect from extreme temperatures and direct sunlight. Ensure containers remain upright during transport. See Safety Data Sheet (SDS) for detailed safety and handling instructions.

## Dosage

This product is designed for automatic dispensing via the professional dosing equipment iQ-Link. The dispensing system ensures accurate and consistent dosing, fully adapted to your washing process.
