

Properties

A highly effective ecological ready-to-use washroom descaler made with safe organic acids. Gentle on the skin yet powerful against limescale and other mineral deposits. Suitable for use on stainless steel, metal, chrome, tiles, ceramics, and other hard surfaces.

Better

Regular descaling reduces maintenance needs and extends the life of sanitary surfaces and equipment.

Safer

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

Greener

Plant-based formula and bio-based spray bottle result in a net carbon-negative impact.

Faster

Effectively dissolves stubborn limescale and mineral buildup.

Cleaner

Leaves washroom surfaces smooth, shiny, and free from deposits.

product data sheet

i.34 descaler

Instructions for Use

Apply an appropriate amount to the surface and allow it to work for up to 20 minutes without drying.

Remove heavy soil with a brush or scouring pad. Rinse thoroughly with clean water or wipe with a clean, damp cloth. For stubborn lime deposits, repeat the process. Do not use on acid-sensitive materials such as marble, aluminum, or copper.

Transport, Handling, and Storage

Non-classified product. No restrictions on handling, transport, or storage. See Safety Data Sheet (SDS) for detailed information.

Dosage

The product is ready to use; diluting it will reduce its cleaning effectiveness.
