

## Properties

Ecological daily surface cleaner with special ingredients that ensure a streak-free drying effect.

Makes surfaces anti-static to prevent re-contamination. Suitable for all washable surfaces.

### **Better**

Smart dosing options (automatic dispenser, portable manual dosing, or ready-to-use) help prevent overdosing, reduce waste, and lower overall cleaning costs.

### **Safer**

Non-classified and safe to use without protective equipment. Where industry or site-specific safety guidelines recommend the use of protective equipment, i-hygienic advises adhering to those recommendations.

### **Greener**

Plant-based formula and bio-based packaging result in a net carbon-negative impact.

### **Faster**

Performance-enhanced daily cleaner for fast and effortless surface cleaning.

### **Cleaner**

The optimal daily cleaning solution for interior surfaces, preventing dust buildup and re-soiling.

### Instructions for Use

Prepare the cleaning solution according to the dosage instructions, using either a bucket or a spray bottle.

Bucket method: The prepared cleaning solution can be applied directly onto the surface. Allow it to work for 1–5 minutes if needed. For stubborn dirt, apply generously and loosen with a sponge or brush. Wipe off with a clean, damp cloth and let the surface air dry. In case of heavy soiling, the recommended dosage may be doubled. Spray method: Apply the prepared cleaning solution onto a damp cloth and use it to clean the surface. Wipe with a clean, damp cloth and allow to air dry.

### Transport, Handling, and Storage

Non-classified product. No restrictions on handling, transport, or storage. See Safety Data Sheet (SDS) for detailed information.
